

Lulu opens its second hypermarket in Malaysia

LULU Group, one of the largest retail operators in the Middle East and North African (MENA) region has further consolidated its presence with the opening of its second hypermarket here at 1 Shamelin Mall in Cheras.

The sprawling 80,000 square feet hypermarket is also Lulu's 174th globally. It has been designed using the latest retail space concepts and modern technology for ease of shopping.

Minister of Domestic Trade and Consumer Affairs Datuk Seri Saifuddin Nasution officiated at the opening of the new outlet on July 1, 2018. Also present was Lulu Group chairman Yusuff Ali MA and top Lulu officials.

The hypermarket has dedicated sections for grocery, dairy products, fish and seafood, fruit and vegetables, meat and poultry, dry goods, fashion garments, electronics, IT, stationery, sports, footwear, and luggage among others.

A major highlight of the newly opened store is an exclusive store-in-store for all "free from"

food range that offers an extensive imported line of gluten-free, organic, sugar free, no-additives, no-preservatives and other specialty food from around the world.

Yusuff Ali said the company is committed to launching four new hypermarkets in different parts of Malaysia before the end of 2020. He said this includes projects in Setia City Mall, Bangi Gateway, Bachang (Malacca) and Johor Baru.

He added that the company is also exploring other markets in Malaysia and expects to create more than 5,000 job opportunities for the Malaysian workforce. Lulu Malaysia currently employs more than 300 Malaysians in their two hypermarkets.

"Lulu Hypermarkets supports local small and medium enterprises by providing selling space inside our hypermarkets, which will be a good platform for them to expand their business and also export their products to the Gulf countries," he said.

Saifuddin samples a local product sold at the new hypermarket. Next to him is Yusuff Ali.
